AVINASH MISHRA

Senior Graphic Designer | eLearning Developer | Articulate 360 Specialist

+91-8905056633 | avimishra890@gmail.com | linkedin.com/in/avinashmishraa

PROFESSIONAL SUMMARY

Creative and detail-oriented Graphic Designer and eLearning Developer with hands-on experience in developing interactive digital learning experiences using Articulate 360 and Adobe Creative Cloud. Experienced in converting instructional design storyboards into engaging, visually consistent and interactive eLearning courses, with exposure to screenshots, simulations, animations, multimedia elements and LMS-ready publishing.

Specialized in developing eLearning solutions for BFSI clients, combining visual design, instructional content implementation and technical course development to deliver effective digital learning experiences. Strong understanding of end-to-end eLearning production workflows, quality standards, collaboration with cross-functional teams and delivery within project requirements.

CORE SKILLS & EXPERTISE

- **eLearning & Authoring:** Articulate 360, Articulate Storyline, Interactive eLearning Development, LMS-Ready Course Development, Course Publishing, Simulations & Screen-Based Learning, Interactive Elements, Multimedia Integration, Storyboard Implementation
- **Graphic Design:** Adobe Creative Cloud, Visual Design, Digital Graphics, Image Editing, Presentation Design, Layout & Composition, Visual Consistency, Branding & Design Standards
- **Video & Animation:** Video Development, Video Editing, Animation, Motion Graphics, Multimedia Production
- **Domain Expertise:** BFSI, Corporate Learning, Digital Learning, Employee Training
- **Professional Skills:** Cross-functional Collaboration, Stakeholder Communication, Attention to Detail, Quality Assurance, Project Delivery, Problem Solving

PROFESSIONAL EXPERIENCE

Graphic Designer / eLearning Developer | Tata Consultancy Services (TCS) & Professional Projects

March 2019 – Present

- Developed interactive eLearning courses using Articulate 360 / Articulate Storyline based on instructional design storyboards and project requirements.
- Transformed instructional content into visually engaging and interactive learning experiences while maintaining consistency with established design templates and standards.
- Worked on BFSI-focused eLearning projects, developing digital learning content aligned with client requirements and business objectives.

- Integrated screenshots, simulations, graphics, multimedia elements and interactive components into eLearning courses.
- Managed the end-to-end course production workflow from storyboard implementation and visual development through testing, quality checks and LMS-ready publishing.
- Collaborated with instructional designers and project stakeholders to understand requirements, resolve design/development issues and deliver courses within project timelines.
- Applied graphic design principles to improve visual hierarchy, readability, learner engagement and overall course experience.
- Performed course-level quality checks to identify visual, functional and content implementation issues before final delivery.
- Supported multimedia requirements including graphics, animation and video elements for digital learning solutions.

Content Operation and Marketing Lead | **Sanskruti TV***May 2016 – March 2019*

- Directed content operations and multimedia production, overseeing video and audio editing, graphic design, and brand consistency.
- Managed cross-functional teams to streamline content workflows and drive engagement across digital distribution channels.
